

The Gunsmiths of New Orleans

By Frank M. Sellers

As most ASAC members know, Frank Sellers is compiling a list of American gunmakers, gunsmiths, and gun dealers. He thoughtfully sent us a copy of his list of New Orleans gunsmiths for inclusion in this bulletin.

The following list of gunsmiths was compiled from the city directories at The Historic New Orleans Collection, better known to those members who went on the men's tour as the Williams' house.

The first city directory of New Orleans, 1805, does not list occupations. The second and all subsequent directories *do* list occupations and all through 1899 were consulted. No directories were published during the Civil War—1862 through 1865.

This list comprises a total of 142 gunsmiths and 14 dealers whose names appear on guns.
