IF NOT CURRENTLY ENROLLED IN A COLLEGE OR UNIVERSITY, PLEASE SKIP TO "1. Please Explain Your Research Proposal." Otherwise continue directly below:

1. Please explain your Research Proposal (use additional pages if necessary):

2. What inspired you to want to do this research and why specifically do you think you can be successful in achieving it?

3. How does this research proposal align with the mission of the ASAC Foundation?

4. Provide an estimated budget for the requested funds along with an explanation of how the budgeted uses will advance the likelihood of success of the Research Proposal (use additional pages if necessary). Bear in mind that the ASAC Foundation will not cover the cost of reference books or the entertainment of others, while costs of travel and per diems for research purposes will be considered.

5. List other sources of funding for this project.

6. Please provide an expected timeline incorporating major milestones necessary for the accomplishment of the project through to its end, including preparation of the required presentation or publication. If a grant is awarded, semi-annual progress reports will be required to be submitted to the ASAC Foundation.

7. List two people, and include their contact information, who are familiar with your work and would be willing to be contacted as references for you.

All research must eventually result in a scholarly presentation to the membership of ASAC, and/or a report that would be published in English format in the Society's Bulletin, on its website, and/or elsewhere with the permission of the Society. Your signature below indicates acceptance of this condition, should you be awarded the stipend.
